

Bodyline

BY SCRIBNER PLASTICS

Sprint Kart Bodywork

- *Superior aerodynamic styling*
- *Built-in shelf under fairing for electronic data acquisition*
- *Nose matches fairing for a finished appearance*
- *Smooth glossy finish*
- *Bodylines and contours represent today's open wheel "big brother race cars"*
- *Six standard colors plus available short lead-time custom colors*
- *Decal kits from most suppliers available*
- *Exceptionally durable high impact polyethylene*
- *Manufactured by kart racers for kart racers*
- *Economically priced for the US market*
- *Fits (mounts on) CIK style nerfs and bumpers*

Photo: Mark Robinson

Made in the USA 

Legal for use in IKF, SKUSA, TAG USA and most WKA classes
